> 2000 Ø	+15 / +60	-15 / -60	POA

We have a wide range of outer diameter moulds from 50mm diameter which can be combined with almost all of your required inner diameters. Lengths of up to 6 metres are possible. All tubes are available in different colours (natural, black, yellow, blue, green, red, grey) and can be made from special mixtures and additives (e.g oil, wax, MoS2, heat stabilised etc).

MOQs and production lead times may apply.
